Penney Anniversary Personnel Promotes War Bond Sales

Child Injured on Street in Hospital

Injured Monday afternoon, Janice Quinn, 10-year-old daughter of Mr. and Mrs. W. W. Quinn of 1438 West 218th st., was still in Torrance Memorial hospital yesterday. The child was hurt while watching city workers remove some trees on Carson st., between Western and Cabrillo aves.

The workers deny that the child was struck by a city truck, as reported on hospital records, and contend that she may have been "brushed by the limbs of the tree that was being dragged behind a truck and became momentarily caught in a curbside guy wire." A full report on the mishap has been turned over to the city's insurance carrier.

VISIT IN SANTA ANA

Mr. and Mrs. W. H. Ambach were guests Sunday at the Fred LeFerne home in Santa Ana.

*** THEY'RE ALL 10 PERCENTERS . . .** Every member of the Torrance J. C. Penney Co. store staff is putting 10 per cent of their pay checks into War Bonds. They are, left to right: Vernon Harmer, Manager Hillman Lee, Goldie Holmes, Alameda Smith, Florine Franklin, Mamie Bernard, Veda Peer, Naomi Mauk, Vivian Grant, Bob Haggard, Harold Hoff, assistant manager, and Bill Moon.

Bomb Show Attracts 200 at Ball Park

(Continued from Page 1-A) fense, are still holding instructive classes. So you see, we are not just a group of men and women who like to wear arm-bands and tin hats. We believe we can cope with any emergency and, I might say, most of us are eager to show what we can do in event of actual "incident."

"We have not had a blackout here since May 21 but we had many practice 'incidents' since then to keep us on our toes," Strasser continued at the microphone. "The Torrance Civilian Defense organization has a total of 566 men and women enrolled for action."

Want More Members

The bomb demonstration showed how magnesium-type incendiaries act when fought by steady or spray streams of water and how they burn in a cleaned attic, a cleaned and whitewashed attic and in an attic filled with the accumulation of years. A simulated oil bomb in a pile of scrap lumber was quickly extinguished by regular firemen using a "fog-nozzle."

At the close of the demonstration, Strasser told the crowd at the ball park: "Just remember these few facts: Do not throw buckets or pails full of water on incendiary bombs and do not strike the bombs first with a solid or straight stream of water. Proceed calmly and do not rush. Obey your Civilian Defense helpers immediately—they will not give any orders that are not essential for the well-being and safety of you or your family or your home. Stay indoors and away from windows or doors. Whether indoors or out, you are less likely to be hit by bomb fragments, flying glass or debris if you are lying down. If outdoors, get behind a wall or in a depression and lie down. Watch for fires. Do not touch or approach bombs which do not explode and get out of their vicinity."

"If you are not a member of the Torrance Civilian Defense corps and want to join up, Police Chief Stroth will be very glad to enroll you for instruction as an Air Raid Warden, Auxiliary Police or Fireman, Decontamination, Repair, Public Service or other duty. Then, too, the Red Cross and the Women's Ambulance and Defense Corps needs more volunteers."

Rare Clark Volumes Guarded from Bombs

A large number of rare and costly books have been withdrawn from the shelves of the William A. Clark Memorial Library as a precaution from bombing, states Miss Cora E. Sanders, curator.

Among the works which have been removed to bomb-proof vaults are original Shakespeare, Chaucer, Byron and Shelley volumes, original French plays of Corneille and Moliere, rare Dickens and Dryden printings, many of the Renaissance period to 1640 and virtually all the incunabula left by the late Los Angeles philanthropist or since acquired by the University of California.

The library in West Adams st. is maintained as a part of the University for graduate students and qualified research workers. It possesses some 26,000 books.

Mr. and Mrs. F. A. Covington have moved to a new home at Beech and Eldorado aves.

approximately \$4,000 in War Bonds in addition to putting 10 per cent of their pay into those victory-assuring securities."

From Two to 12 Workers

A feature of the Penney anniversary sale is a special display at the entrance of gifts for service men, especially arranged for those who want to send Christmas presents by Nov. 1 to loved ones who are overseas.

Fourteen years ago when the J. C. Penney Co. opened its store here it had but two sales-people. Two years ago when the firm moved into its new, modern building the personnel had grown to seven regular employees. Today there are 12 Penney workers.

Manager Lee came to Torrance in 1936. Vivian Grant is the senior Penney sales person here while Harold Hoff, assistant manager, has been with the nationwide Penney organization for 13 years, coming to Torrance from North Dakota.

SHOWING SPEED

Bill Parton, last year star Torrance griddler, is expected to show considerable speed on the 1942 edition of the San Jose "Spartan" grid machines. He and a Stockton J. C. flash, Bob Ward, have run the 100 in under 10-flat.

SEALTITE ROOFS
FACTORY DIRECT TO CONSUMER

It takes 12,000 telephone calls to build a bomber!

And it takes a lot of calls to build ships, tanks, guns . . . to move millions of men and the supplies they need.

With vital telephone materials drafted for the duration, additional lines cannot be built at this time. But war calls must go through. So will you, please:

Ask yourself, every time you are about to make a long distance call, *is this call necessary?*

And when you do call, please be brief.

Your assistance, and your understanding of the magnitude and importance of our task in keeping the telephone lines clear for war calls, are deeply appreciated. Your help makes it possible for us to be of maximum service to our Nation.
